

Rapid Response Team

Yukevich | Cavanaugh is pleased to announce the establishment of its
Rapid Response Team

James J. Yukevich, Thomas Borncamp, Nina J. Kim, David V. Moore

Our *Rapid Response Team* at Yukevich | Cavanaugh is prepared to respond immediately to any casualty or potential loss event in California and beyond.

With one email or call to our *Rapid Response Team*, the wheels are placed in motion for an attorney – and investigators and consultants as needed – to respond directly to the scene. At the same time, our *Rapid-Response Protocol* sets in motion specific investigative support services by our office team depending on the type of event.

We can have lawyer and investigator boots on the ground anywhere in California in four hours or less, anywhere in the western United States in eight hours or less, and anywhere in the world in twenty-four hours or less.

Heavy-Vehicle, Automobile, Train & Aviation Accidents – Vehicle & Structure Fires
Construction Site, Agricultural & Other Industrial Accidents – Mass Casualty Incidents

Reach the Yukevich | Cavanaugh *Rapid Response Team* 24 hours a day at
